

Pest Control Upsell Menu

briostack by EverPro

Use this menu to offer valuable add-on services during inspections and proposals.

Each of these optional services offers an opportunity to increase revenue per job, enhance customer satisfaction, and promote long-term pest prevention. Offer them based on the customer's property, pest issues, and risk factors.

Service	Description	Add-On Price Range
Exterior Perimeter Spray	Prevent new pests from entering with a protective outdoor barrier.	$50–$150
Entry Point Sealing	Close gaps, cracks, and holes where pests commonly enter a home.	$50–$250+
Crawl Space or Attic Treatment	Specialized pest control in hard-to-reach areas for full-property coverage.	$75–$300
De-webbing & Nest Removal	Remove spider webs and wasps nests to improve appeal, restore safety, and reduce re-entry.	$25–$75
Moisture Control Treatment	Reduce conditions that attract pests like termites and roaches.	$100–$500+
Rodent Exclusion Inspection	Identify and secure points of rodent entry (ideal for urban or rural homes).	$75–$150
Pet-Safe or Eco-Friendly Upgrade	Swap in green products safe for kids and pets without sacrificing results.	$25–$100
Ongoing Monitoring Devices	Add sticky traps, pheromone monitors, or bait stations for ongoing oversight.	$15–$30 per unit
Seasonal Pest Boosters	Target seasonal threats like ants (spring), mosquitoes (summer), or stink bugs (fall).	$50–$125 per visit
Sanitation & Clean-Up	Eliminate debris or pest droppings that contribute to infestations.	$75–$200+
